

Woburn & Wavendon Football Club

In terms of activities, I'm not sure how much detail you need but a fairly high level summary includes:

- Children's football training (mixed and girls teams at under nine & under ten age groups)
- Children's football matches (same as above)
- Social / end of season fun events
- Grass cutting (as required)
- Pitch maintenance - weed killer
- Pitch improvement - introduction of mole drains to improve drainage

Facilities

We continue to use/ maintain the storage shed and make the toilet available for those attending football matches & practice.

Issues

We haven't had any issues that I'm aware of and haven't been made aware of any, but happy to hear feedback if there is any.
